#### Virtual Concurrent Session (VCS)

- Access to a supported browser/operating system combination, or a supported emulated/simulated mobile device, in a virtual machine made available in the cloud to execute live or automated tests using supported frameworks. Provided using computing infrastructure located in North America.

+ The Monthly/Unit Price shown above has been rounded to two decimal places for display purposes. As many as eight decimal places may be present in the actual price. The totals for this order were calculated using the actual price, rather than the Monthly/Unit Price displayed above, and are the true and binding totals for this order. \*If this Order Form is executed and/or returned to Sauce Labs by Customer after the Order Start Date above, Sauce Labs may adjust the Order Start Date and Order End Date, without increasing the Total Price, based on the date Sauce Labs activates the products and provided that the total term length does not change. Prices shown above do not include any taxes that may apply, any such taxes are the responsibility of Customer. This order form is not an invoice.

### Service Specific Terms

#### Virtual Concurrent Session - General Terms Applicable to All VCS SKUs

- Use of Virtual Concurrent Sessions for testing in Apple operating systems or simulated Apple devices is limited to 50% of subscribed capacity. Virtual Concurrent Sessions may be reallocated from or to a different region once per quarter, up to a maximum of 100 Virtual Concurrent Sessions per request. The reallocation will be effective within 5 business days of Sauce Labs' receipt of the request.
